Subject: FW: Slides for Tuesday's 2 pm meeting
Attachments: 2015 Briefing Milk Study_OCHP_Sept_8_2015.pdf

Ruth, Attached please find the breast milk slides, and I will also put a copy in your reading folder. We were asked not to share them outside our office.

We will be happy to go over these with you if you like. Things that I thought were of note include that this effort was initially undertaken as a feasibility study for NCS, their results did not exceed the acceptable risks for pesticides in food for the current use pesticides, and the glyphosate analysis were an add-on that did not detect any samples with glyphosate.

Thanks, Brenda

Brenda Foos
Director, Regulatory Support and Science Policy Division

Subject: RE: Slides for Tuesday's 2 pm meeting

Hi All,
Here's a revised PDF. We made some changes to slide 7 to include the maximum detects.

Subject: Slides for Tuesday's 2 pm meeting

Hi All,

Attached are the materials for Tuesday's 2 pm meeting. Since we have not sent the results to our clients yet (i.e., the primary investigators), please do not distribute the slides to anyone beyond the meeting invitees.

Regards,
Wynne Miller, Deputy Director
Biological and Economic Analysis Division (BEAD)
